Dear Residents:

We are very proud to provide you with the Continuing Education Program for the 2009-10 school year. We are always stressing the importance of lifelong learning and there is no greater example than that of our Continuing Education Program. A wide variety of courses are designed to meet the interests of all our residents. Courses in technology, fitness, personal finance, and personal fulfillment can be found in the catalog.

The program is the result of years of listening to residents about the kind of workshops they would like to see offered. Our Program Director, Mr. Paul Iasevoli and his staff have done an outstanding job.

I encourage you to carefully review the booklet and take advantage of these valuable learning opportunities. Please check the registration information provided to help ensure your enrollment. And always feel free to suggest a course or workshop. This is your program!

Sincerely,

Terrence Clark,
Superintendent of Schools
